

OPINION
76-1

April 24, 1976 (OPINION)

Honorable Myron Just

Commissioner of Agriculture

N. D. State Department of Agriculture

State Capitol

Bismarck, North Dakota 58505

Dear Commissioner Just:

We have reviewed Chapter 4-35 of the North Dakota Century Code entitled "North Dakota Pesticide Act of 1975".

On the basis of this review we can find no legal impediment which would prevent the state Pesticide Control Board and the State Department of Agriculture from assuming the administration and enforcement of the certification program for pesticide applicators pursuant to Section 4 of Public Law 92-516.

Sincerely,

ALLEN I. OLSON

Attorney General
